## Learning and teaching methods

Teaching will be delivered through the provision of specified reading materials that will be provided on the University of Essex Online learning platform, and will be supported by specified discussion forums, pre-recorded lecturecasts and biweekly live seminars (using synchronous communication software and application sharing facility).

Students will be provided with indicative guidance on and encouraged to look at relevant websites which are appropriate to the learning outcomes, and to identify and share appropriate web-based resources (as learning support references) with their fellow students.

The pre-recorded lecturecasts and the online question and answer sessions will include referenced use of selected case studies which will be drawn from the reading materials and the practice-based and professional/educational contexts and experience of the tutors.

There will be also provision for weekly meetings with tutors in their office hours supplementing online students' self-managed learning, discussing their individual queries, and directing them to require and indicative reading.
